 BUILDERS OF  
 Rolling Mill Machinery, for Brass, Copper, Silver &c.  
 POWER, HYDRAULIC, DROP, SCREW AND FOOT PRESSES.  
 MACHINERY FOR DRAWING BRASS-WIRE AND TUBING.  
 Rivet-Machines. Cartridge and Special Machinery.

Waterbury, Conn. Feby 10<sup>th</sup> 1893

Col O. Osbyshell. Superintendent of U. S. Mint.

Dear Sir:

We have your letter of 9<sup>th</sup> and we enter your order of 9<sup>th</sup> = No 799 and will take pains to have it all right and try to deserve the continuance of your valued orders.

Yours very truly  
W. E. Fulton.

P.S.

We made a Knuckle Joint Medal Press the other day - would you like a photo of it? There is nothing new about it but we think is an awful nice Machine for the price = 1800<sup>00</sup> less 5% G. B. Phila

We understand you want gear blanks & cutter & will cut these gears yourself - Is this right? It is so easy to misunderstand -
